L 7450mm W 4300mm S 32m<sup>2</sup>  
Study Tables & Sofa's

The sofa's can be placed in an S shape or in a round shape to add extra storage space. They meet the need of students in small groups, with excellent space utilization.

D  
L 4500mm W 3700mm S 16.65m<sup>2</sup>  
Study Tables & Sofa's

The sofa can be placed in a U shape or a semicircle. Can be placed in a 3/4 circle, providing seating for as many as possible. At the same time as the student it also satisfies the requirement to collaborate in a small group.

# K4-K12

As far as space is concerned, being "student-centric" is a good thing. Collaboration, creativity, relevance, choice and convenience are all important factors in the design of educational spaces.

Student-centric design requires an environment that focuses on students, not teachers.

Furniture and technology help create a successful student-centric space.
