

Eclipse Python Seating Range

Italian Minimalist Design concepts

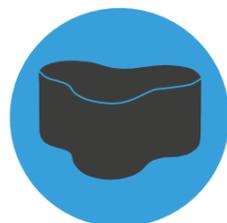

The Eclipse Python range of chairs have been specifically designed for the needs of the consumer in an ever changing world where different designs and different uses need to be incorporated in one overall theme.

The Eclipse Python range of chairs satisfies this need by being many things to many people. Be it a Stool, A Work Chair, A Task Chair, A Visitor Chair or Auditourum Chair, A School chair the Eclipse Python range of chairs will handle the task in style and technological innovation.

International Fashion Trends

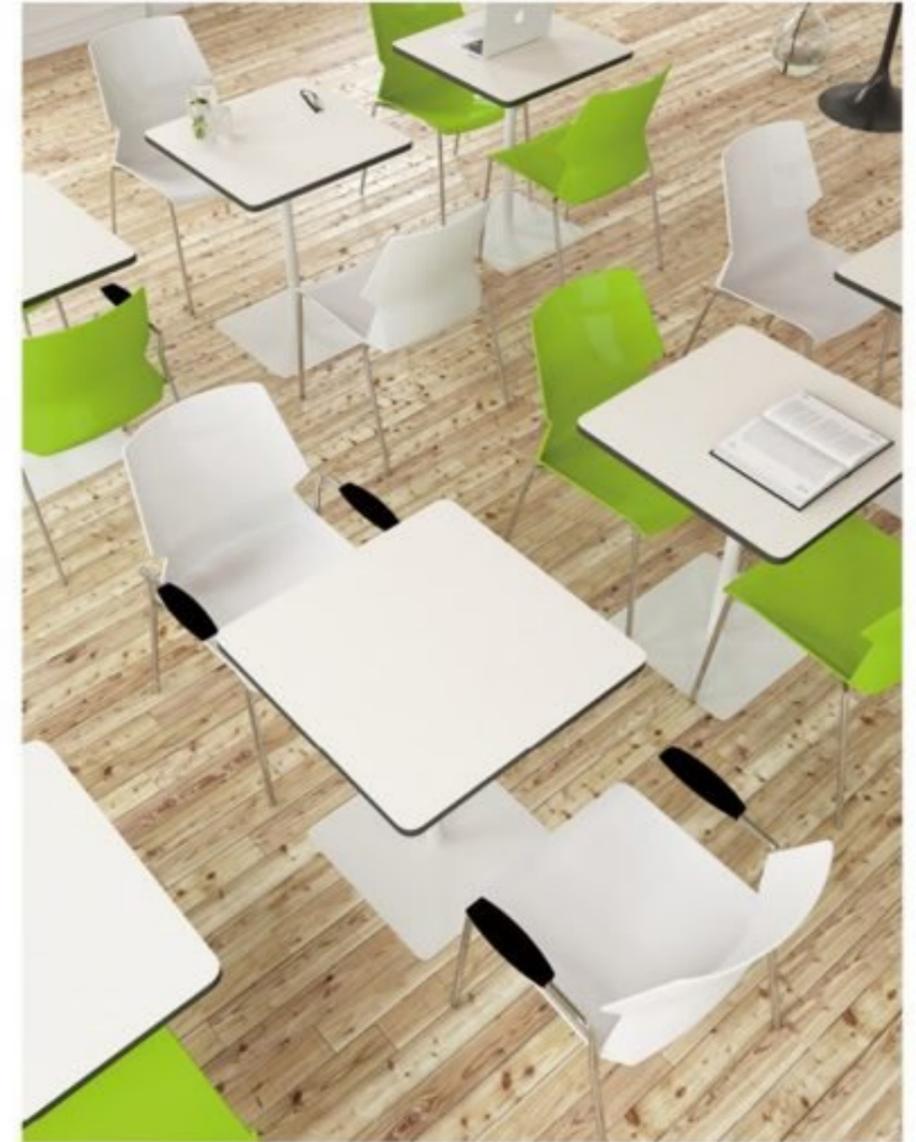

The Eclipse Python range injects the latest design concepts into a seating range. capturing the latest fashion trends and built to a high quality specification

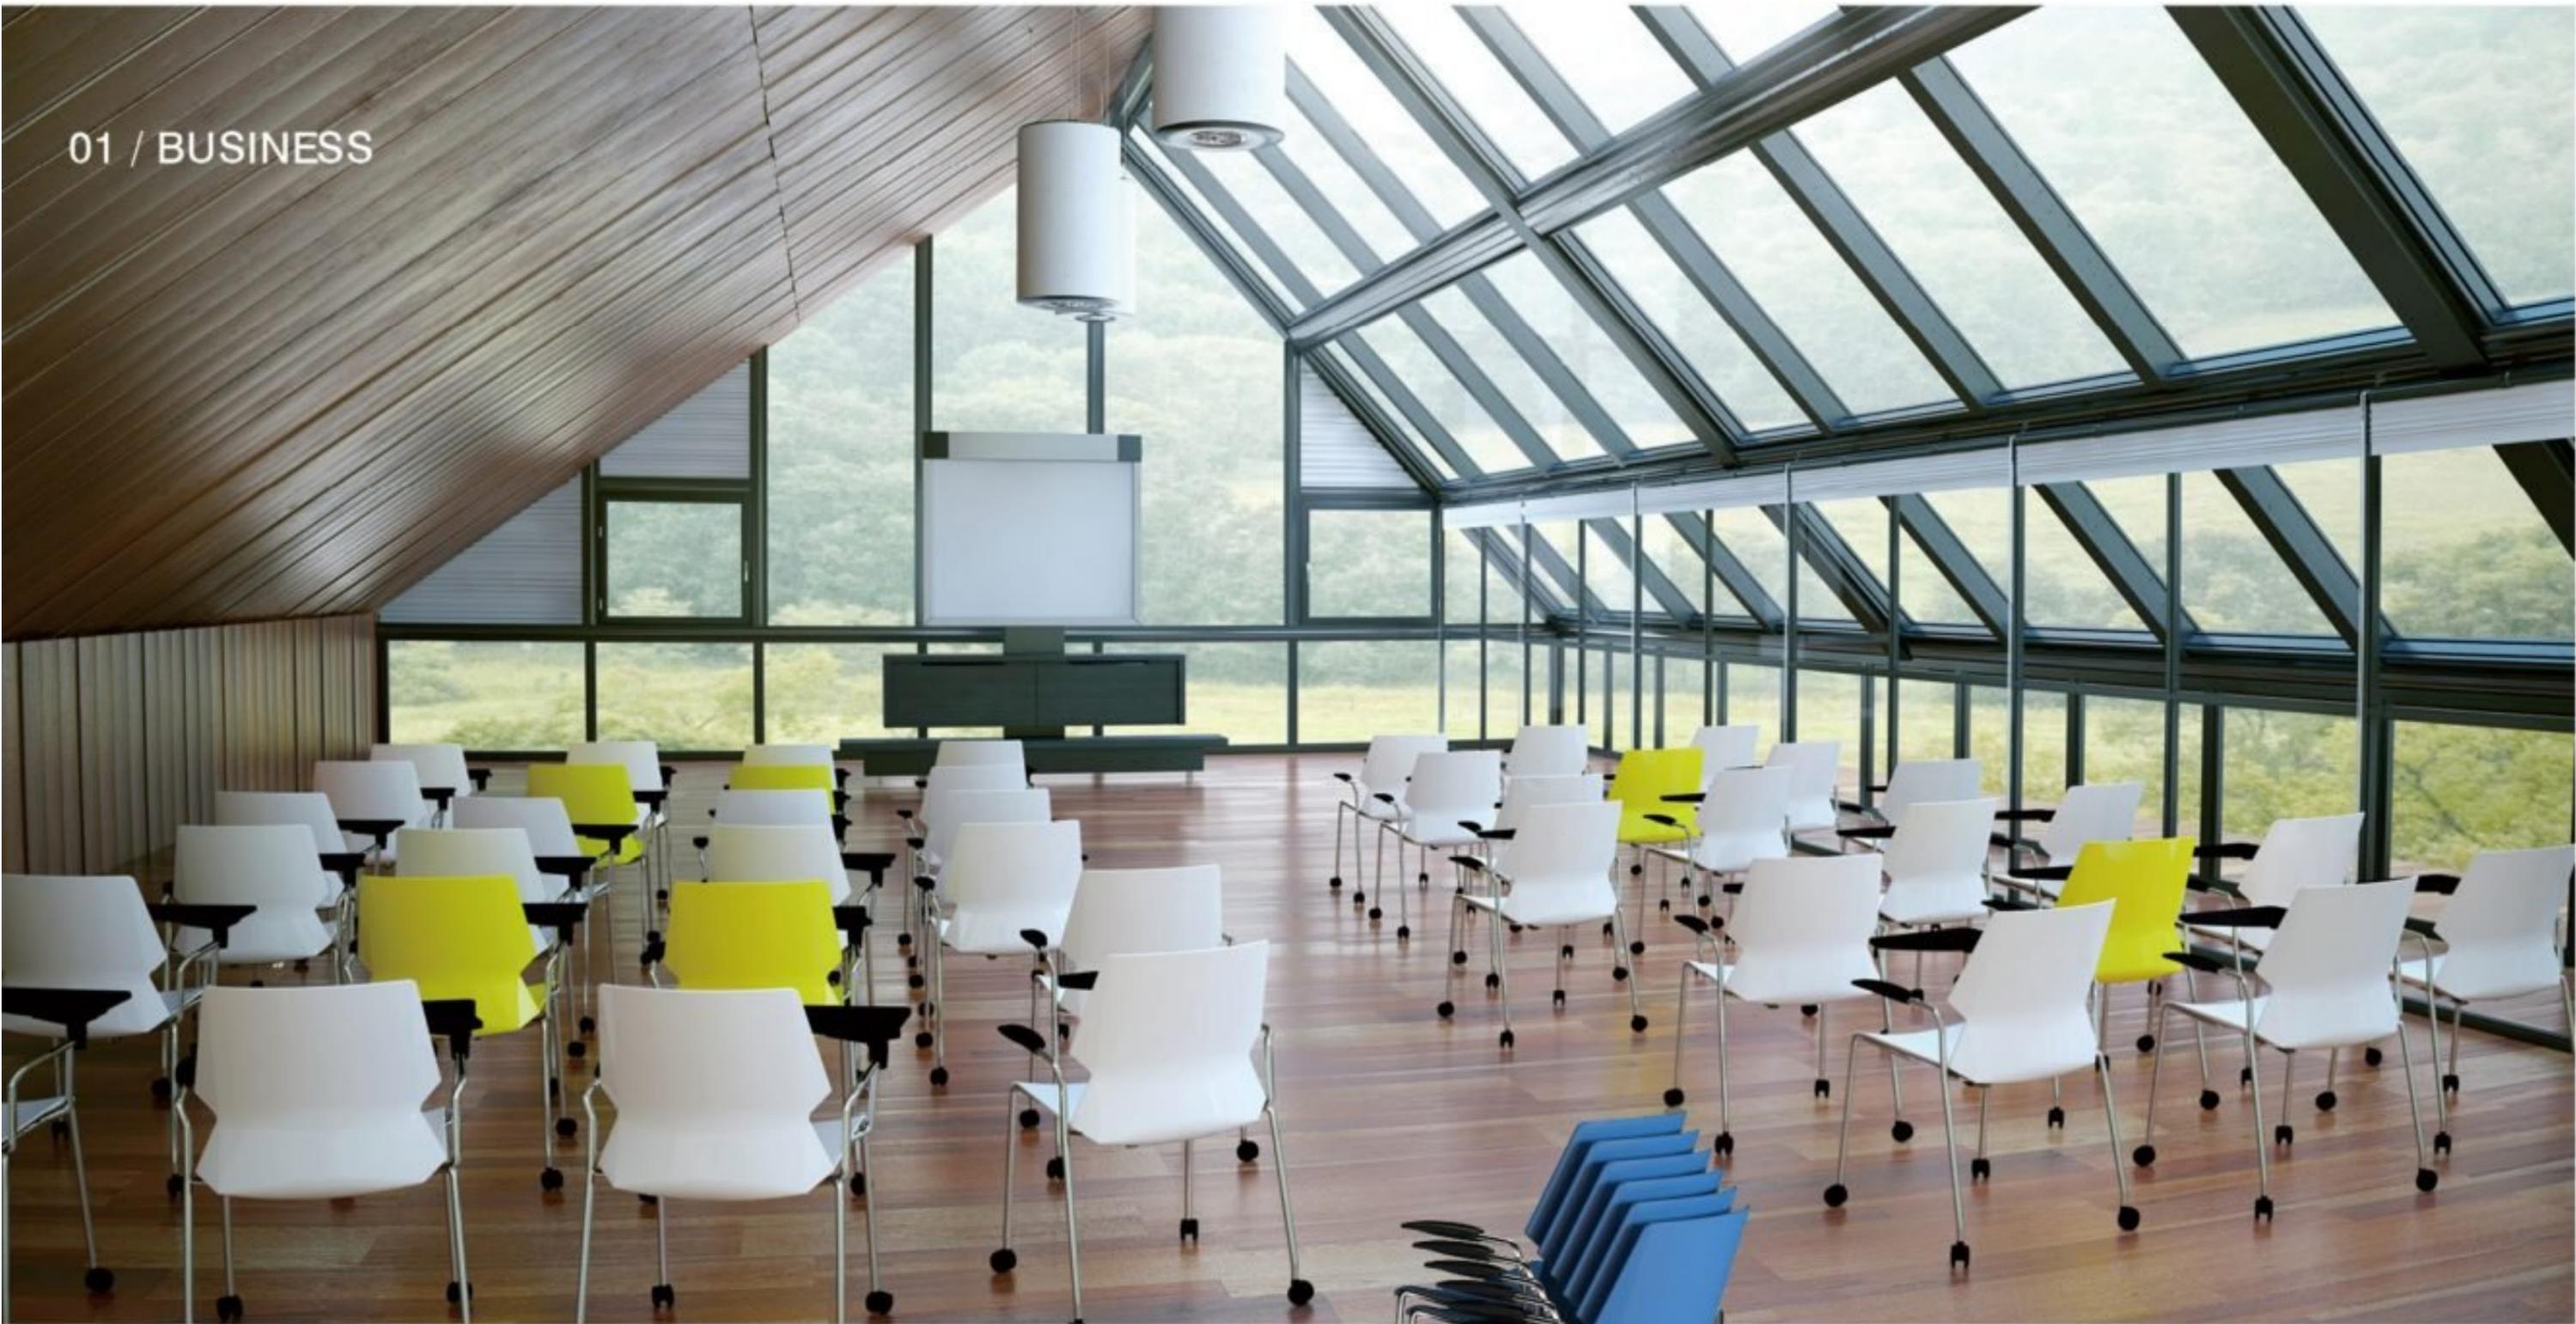

The Eclipse Python range of chairs will give excellent performance and have a reputation of italian built quality. The Eclipse Python range will guarantee that statements are made and people take notice in whatever environment you decide to use them in.
